

Robot coffee, cocktails, ice cream and kitchens. Priced.

The machines we supply, install and keep running, at list. Everything here is on our floor or on order. Every line comes with us attached: scope, program, install, train, maintain.

Software	Ordering, payment, the screen, the dashboard	Scoped

Terms. List prices from the 2026 Moton Australia list, AUD, ex GST. Delivered duty unpaid to a site within 100 km of an Australian port; further inland on quote. Manufacturer warranty one year. Delivery about two months from order. Valid 30 days from the date above.

Quotes. Build one yourself at [wonderrobotics](https://wonderrobotics.com) / quote, or send the job to Gino: info@wonderbytech.com, 1800 983 404. Wonder Robotics, 365 St Pauls Terrace, Fortitude Valley QLD 4006.

The machine is a third of it.

The counter, the room and the brand are the rest. In a new venue or the one you have, we take the job from the idea to the first service, and stop after any stage you like.

Design

The bar, the kiosk, the kitchen or the counter it sits in. Drawn to your floor plan: plan, general arrangement, the concept art, the colours.

Brand

The mark, the colours, the cups, the bags, the menu, the uniforms. One system across the machine and the room.

Software

Ordering, payment, the menu on the screen, the dashboard, the numbers.

Build and fit out

Joinery, stone, services, the skin, the signage, the screen. Our trades or yours, to our drawings.

Engineering

The cell around the machine: guarding, services, extraction, the counter it lives in, the program it runs.

Keep it running

Spares, monitoring, updates, a number that answers. Standard or priority, priced by the year on the quote.

How it goes

STAGE	WHAT HAPPENS	STOP HERE?
01 Plan	The site, the power, the water, where the queue stands. What it costs, what it saves	Yes
02 Design	The general arrangement it gets built from, the colours, the counter, the mark it wears	Yes
03 Fit out	Services in, joinery and stone, the machine placed, the skin on	Yes
04 Commission	Menu programmed, staff trained, the first hundred cups, drinks, cones or plates	Yes
05 Open	Spares, monitoring, updates, a number that answers	Ongoing

COME AND SEE IT

All four lines run downstairs at 365 St Pauls Terrace, six days a week.

Eat from the kitchen, order from the bar, watch the kiosk hand over a cone. Then tell us the job. Book a visit or call 1800 983 404.

Wonder Robotics. 365 St Pauls Terrace, Fortitude Valley QLD 4006. info@wonderbytech.com. 1800 983 404. Floor hours 9 to 7, Monday to Friday, 10 to 5 Saturday.

Online. Robot coffee machines, cocktail machines, ice cream machines and kitchen fit-outs, each with its Buy and its quote, at jessdisplay.github.io/wonder-robotics-site.
